

REMARKS/ARGUMENTS

We are amending the title hereinabove from “Bacterial Superantigen Vaccines” to “Fusion Protein of Streptococcal Pyrogenic Exotoxins”. This is done for two reasons: (1) to better reflect the claims as allowed, and (2) for administrative and searching purposes to distinguish this application from at least three other related applications/patents having the title “Bacterial Superantigen Vaccines”.

No new matter is introduced by this amendment, and entry is requested.

If the Examiner has any questions, please contact applicants’ representative Marlana K. Titus at (301) 977-7227.
